

Builder's, Inc. owns and manages more than 1700 apartment units in Wichita, Kansas. We are dedicated to providing the finest homes to our tenants at affordable prices. We manage an array of communities for your various needs and amenity desires, in addition to short term or long term leasing options.

Builder's staff of management professionals includes Certified Property Managers®, well trained and highly motivated on-site managers, and expertly trained maintenance professionals utilizing tested maintenance procedures.

"We are most impressed with the efficiency of the new GL system as compared to our previous system. The PMAS ME reports layouts are most attractive and the ability to view them on a screen is most important. The new menus and corresponding programs are efficiently configured for easy use."
