Correspondence to John Stalick, President of PMAS – August 2, 2001

John,

I wanted to take a minute to thank you and your staff for putting on one of the best PMAS User's Group Conferences that I have ever attended. I know these things are a lot of work to put together, and judging by the success of the conference it's obvious to me that you and your crew really busted your butts! It was great to see all the old faces again and to get a chance to meet all of the new people that you've brought on board. As always, your staff is friendly and knowledgeable and does their best to meet our company's needs. You've put together quite a team!

It's been my experience that people are quick to complain when something goes wrong, but rarely do they give praise when someone does something good. I'd appreciate it if you would pass on my thanks to the rest of the staff; they deserve a big pat on the back!
