

Showe Management Companies Columbus, Ohio

“Since it is now a year since our conversion to PMAS ME, I can say we are very happy users. The change from the older technology to PMAS ME makes us feel more up-to-date in computer processing.

It has also improved the computer knowledge of my entire staff, they love working in Windows and have an increased desire to learn more about how things work.

Let us hope for an even better second year as we learn more of the features and possibilities of PMAS ME and creative financial reporting.”

Patricia Beebout, CPA

Vice President
Showe Companies
